ASSESSOR'S REPORT

Assessor Wicketts stated he has turned in his books and they will be published on September 26 after which residents will have 30 days to file an appeal with the County Board of Review. All appeals will be required to be filed online. He stated the County has moved to a new system this year and it may be somewhat difficult to navigate. He stated he does not even know the program that well. They have not yet received the program that generates the comparables. Residents may come into the Assessor's office if they are looking for assistance in filing an appeal. The office will be open on Saturdays for public convenience. He stated there may be large amount of appeals this year due to the increase in assessed values of at least 5-7% and in some areas it will be even higher. This is a reassessment year and they looked at every parcel in Zion along with the sales.

- Supervisor Cheri Neal will be out of town for the September, 2019 board meeting and respectfully request Trustee Fischer, the Finance Trustee, to run the meeting.

Chairman Neal stated she has been desperately looking for a marketing person since November. She hired Jennifer Evans in a contracted position for \$500.00 a month with a rate of \$75.00 an hour. She did incredible stuff with the Township laying a foundation for marketing but still needed help with the Social Media and designing of different things. Chairman Neal was approached by an individual and was told if they keep marketing Zion Together the way they currently were, the project would die. This individual took over the project and did a great job. She believes the program was successful because of the way it was marketed. She stated they have been trying to find a better way to market. The individual will do at least 10 hours with a budget of \$500.00 a month at \$50.00 an hour. The work she did was phenomenal but the dilemma is, the person is her daughter Brittany and it will look bad. This is not a position that receives benefits as a contracted position for about 10 hours a month. She stated she desperately needs to hire someone who can communicate to the community and who knows how to work Social Media. She is willing to look at others if they can do a better job. She is looking for the support from the Trustees to hire Brittany Ditzig to do the Marketing and Communications for the Township. They must provide the best communication they can for the Township and she feels this is the best way.

Trustee Holmes stated in keeping with the discussion of Ethics in Government, she feels it does look bad and does not approve of the hire.

Trustee Frierson stated he believes it is a conflict of interest.

Trustee Fischer stated he and Chairman Neal had a discussion earlier in the day and feels the perception is an issue and advised Chairman Neal to bring the subject forward for discussion.

Chairman Neal stated she wanted an open conversation with the Trustees regarding the subject. She feels communication is very difficult in the community. People in their 20's tend to know how to communicate but she has yet to come across one that knows Zion or has the passion but Brittany does. She understands it is not in the best interest to hire family but Brittany is very good at it.

Trustee Holmes stated she looked through the employee handbook and did not find anything on nepotism. She believes something needs to be added to the handbook referencing nepotism.

Chairman Neal stated she does not believe nepotism applies in this situation as the position is a contracted position with no benefits.

Trustee McDowell stated the optics do not look good.

Chairman Neal stated if she does what looks good she feels like she is hurting the community. If she really wants to help the community she needs to have the best communicator possible and believes that is her daughter. She stated it is not bias because the proof is in the product she has created and believes she is the best person to do the job.

Trustee Frierson stated just like any other contract enacted through the City or Township, they owe it to the taxpayers of the community to go through a formal process. Not only do the optics look bad, but it does not seem to be a fair and transparent way to go about the process where it does not appear to be subjective based on who the Supervisor is at the time. He stated this is the first time he is hearing about the subject. He thought everything was going well with Ms. Evans. Chairman Neal seemed happy with the work and seemed excited about it. He doesn't understand the shift in thinking and cannot put his support behind it at this time.

Chairman Neal stated she appreciates the Trustees dilemma. Ms. Evans did a good job with the foundation but did not do any of the Social Media management. She was telling staff what to do and it wasn't working well and ended up frustrating the staff.

Trustee McDowell stated he appreciated Chairman Neal asking for input and advice but the Township Board does not hire and fire employees. It is the sole responsibility of the Township Supervisor.

Trustee Holmes stated she did not recommend termination, she disapproves of the hire.

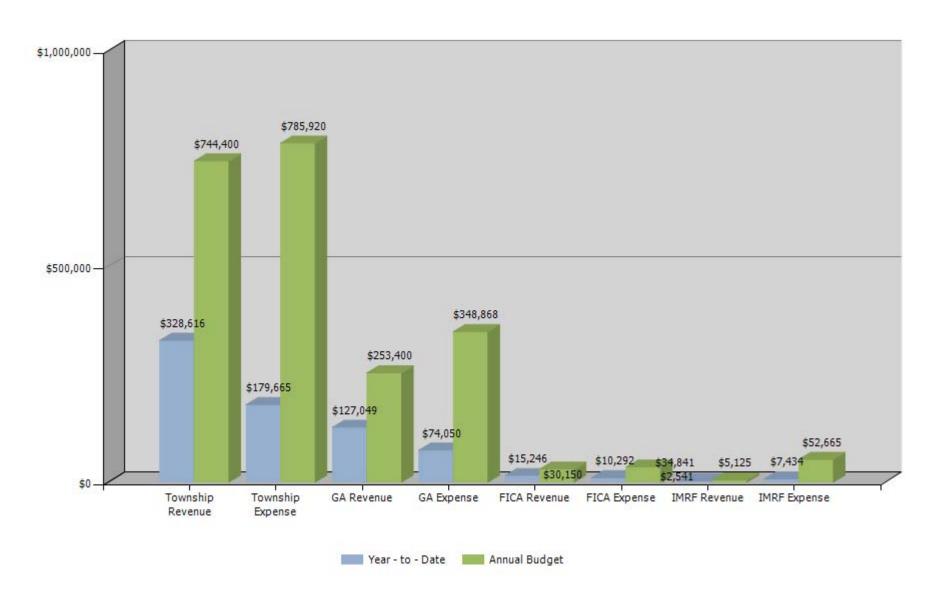

Chairman Neal stated she respects the Board's feelings and would feel the same way if she was in their position.

ADJOURN

There being no further business to come before the Board at this time, it was moved by Trustee McDowell, seconded by Trustee Holmes and unanimously approved the meeting be adjourned at 7:03 p.m. Motion carried.
